

# Save Our Recreation, please.

You Are Making the Difference  
February & March Events  
as of 02/04/17

The pressure is on for us to influence the City Council to keep the current Land Use designated for old Golf Club property as “parks and recreation.” If the Council approves change to “residential,” as requested by D.R. Horton, over 175 acres of precious green space in the South Cape will be used to build 500 track houses and gone forever for generations to come.

***We Need You. We Need Your Passion.***

***We Need Petitions Signed...  
We Need Community Awareness to Win Hearts and Minds...  
To Saturate the Golf Club Community with Yard Signs...  
And, to solicit Donations  
(\$\$ and more...see 03/11 below).***
